

CREO

create or establish

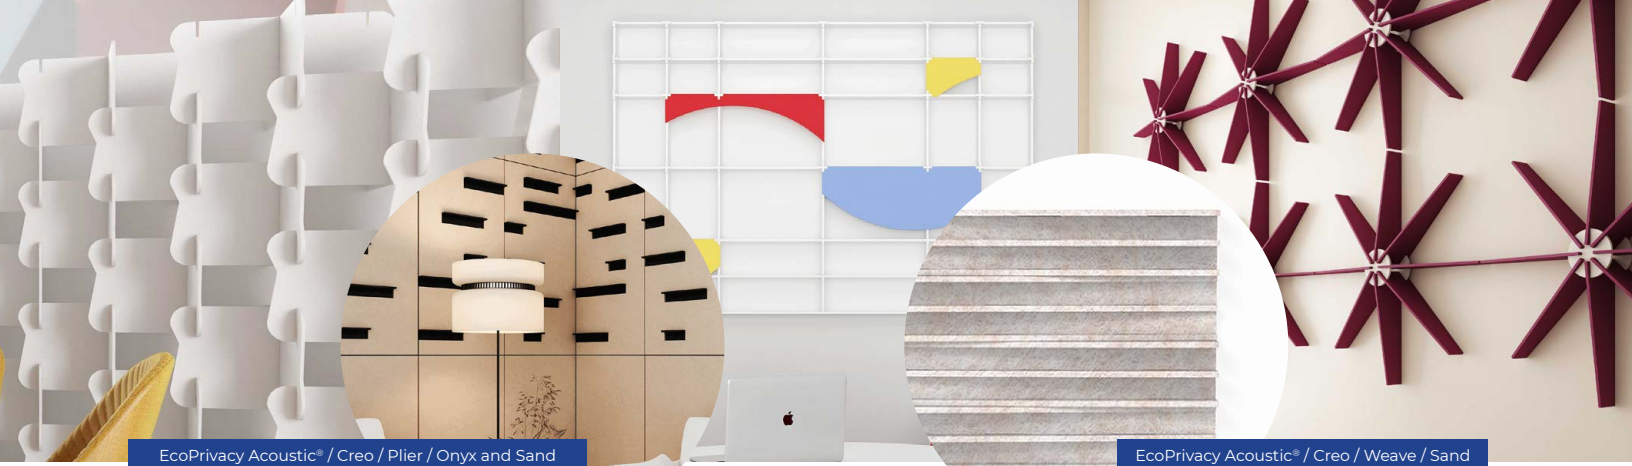

Creo 3-dimensional acoustic panel designs are functional art that transform the workspace into a creative environment. These acoustic panel units add energy and beauty, while providing the benefits of sound absorption, reducing echo and encouraging productive energy.

Creo Highlights

- Sound absorption and blocking
- Ambient noise reduction within the room
- Reduced reverberation and echo
- Minimized sound transmission outside the room
- Customized design: shapes and logos
- Easily disinfected and cleaned

- Choose from 20 available colors
- Measurably improves the acoustic and aesthetic environment
- Custom and standard designs enhance your workplace

Weave	24"H x 24"W	\$250

TECHNICAL SPECIFICATIONS

Absorption	Average NRC 0.85 (subject to mounting conditions)
Material	100% polyester fiber acoustic felt
Eco-Friendly	YES, 60% recycled PET materials, 40% new material, non-toxic, non-allergenic, non-irritant, no-coatings/sprays that degrade
Fire Rating	ASTM E84 Class A Fire Spread rating is permanently achieved by infusing 40% new material into the panel. We don't use sprays or coating that degrade and lose their rating status.
